

## EAST SHEEN PRIMARY SCHOOL

## EAST SHEEN PRIMARY SCHOOL

Brief: Feasibility for a new extension for classrooms and entrance space  
 Client: East Sheen Primary School  
 Budget: £2.7m  
 Architect: Surface to Air Architects

The design for East Sheen Primary works with the existing fabric of the school, provides a new two-storey contemporary block of classrooms and a modern covered courtyard for the children to play in at the front of the school. The scheme is focused on using natural, sustainable products and incorporates a grass roof to the main body of the development.
